## Public Affairs

(Community)	<i>Columbus Voices.</i> Nancy Davis, Bill Giovanello, and Leonard Daloia, long-time and trusted employees and friends of the Lazarus Family present fond memories of times past at the downtown Lazarus Department Store..	July 2004
(Health)	<i>Viewpoint.</i> <i>Viewpoint</i> talks to Faye Childs and Noreen Palmer, authors of <i>Going Off: A Guide for Black Women Who've Just About Had Enough</i> , on learning how to express anger constructively.	July/August 2004
(Health)	<i>Viewpoint.</i> <i>Viewpoint</i> talks with three experts about family dynamics, corporate influences, and the flip side to the exercise craze in the 80's.	August 2004
(Education)	<i>Viewpoint.</i> <i>Viewpoint</i> honors the recipients of the 2003 Hannah Neil World of Children Awards and draws from them the stories of how each has improved the lives of children in their community or throughout the world.	August 2004
(Urban Sprawl)	<i>Viewpoint.</i> Some contend that the rise of suburbia is a race issue because the practice of federal loan regulations allowed whites to redistribute people away from inner cities leaving blacks with dilapidated homes and few employment opportunities. Dr. John Powell, Director of the Kirwan Institute for Race and Ethnicity, talks about the issues that Columbus and the nation face as urban areas attempt to revitalize.	August 2004
(Health)	<i>Viewpoint.</i> Older women have special health care needs, especially in minority populations where preventative measures are scarce. <i>Viewpoint</i> discusses the health issues of elderly women and what is needed to provide for them in the future.	August 2004
(Community)	<i>Columbus Voices</i> Archie Griffin, President and CEO of The Ohio State University Alumni Association discusses new initiatives, services and programs of the association at a luncheon meeting of the Columbus Metropolitan Club.	August 2004

## Public Affairs

(Diversity)	<p><i>The Columbus Latino Festival.</i></p> <p><i>The Columbus Latino Festival</i> was publicly screened for the first time at a preview for the PBS documentary, <i>Visiones</i>. The piece aired for five weeks.</p>	August 2004
(Social Issues)	<p><i>Viewpoint.</i></p> <p><i>Viewpoint</i> discusses the foster care system in Franklin County where 36,000 children are now in foster care and the prospects of adoption, for most, are bleak.</p>	September 2004
(Health)	<p><i>For The Health of Black Women.</i></p> <p>In the period 1999-2001, statistics compiled for Franklin County indicate that black females had the highest death rate for diabetes (74.9) and the second highest death rate for stroke (78.2). These and similar statistics are reviewed and risk factors discussed in <i>For the Health of Black Women</i>—a public forum intended to bring together community stakeholders and health care providers to examine critical health issues faced by African American women.</p>	September 2004
(Housing)	<p><i>Viewpoint.</i></p> <p>A record number of Ohioans are failing to make their mortgage payments. On <i>Viewpoint</i>, experts on both sides of the issue discuss causes and cures.</p>	September 2004
(Arts)	<p><i>Columbus Voices</i></p> <p>Dr. Tim Russell, Music Director of the ProMusica Chamber Orchestra, speaks to the Rotary Clubs about the focus and the program of the orchestra for the season.</p>	September 2004
(Health)	<p><i>Viewpoint.</i></p> <p>In Ohio approximately 190,000 children in grades 9 to 12 are overweight. Doctors and dieticians discuss the financial and psychological costs of childhood obesity.</p>	September 2004

## WOSU.TV

### Local History

#### *Buckeye Landmarks.*

January 2003/2004

As part of programming produced for Ohio's bicentennial, WOSU.TV presented *Buckeye Landmarks*, an hour-long examination of over 20 historical landmarks in central Ohio. The program was also honored with a regional Emmy nomination.

#### *Continental, Ohio.*

May 2004

*Continental, Ohio*, the second locally produced high-definition documentary documents the life of Nyle Stateler and his work with the linotype machines and wood block presses at Curtiss Show Print that produced thousands of posters, flyers, and tickets for traveling shows, circuses, and other entertainments.

#### *Serving With Honor*

Fall 2004

A series of interstitials recognizing the contributions and sacrifices of Columbus veterans and men and women serving in the armed forces.

#### *Many Happy Returns to Lazarus*

August 2004

WOSU's documentary about the closing of the historic downtown department store.

## WOSU.TV

### Education

#### *Math at Mound City.*

Fall 2003-2004

An educational hands-on project produced by WOSU.TV, which shows students applying what they've learned in the classroom to the real world. The station worked with seventh graders in Huntington Local Schools in Ross County and Western Local Schools in Pike County. Students were given the task of creating a model, to scale, of a famous Ross County landmark—Mound City focusing on the content areas of (1) measurement and (2) geometry and spatial sense. The project gave the students a real-world problem requiring field investigation.

## WOSU.TV

### Education

#### *Physics On the Edge*

Fall 2003-2004

A pilot program developed by members of the OSU physics faculty to present entertaining and compelling lessons to teenagers. Program topics are aligned with the National Science Education standards and the learning benchmarks for the State of Ohio.

#### *In The Know.*

2003/04

Fifty-five Central Ohio high schools participated in WOSU's high school quiz bowl series, *In The Know*. Westerville North emerged as the champion.

## WOSU.TV

### University Events

The Ohio State University Commencement Ceremonies. Winter/Spring/Summer/Fall 2004. The commence was streamed on the internet.

2003/04

#### *OSU's State of the University*

2003/04

Address, September 2003/2004. *The State of the University* was streamed on the Internet.

#### *Student Debate*

April 2004

WOSU partnered with Buck-ITV to produce a televised debate among The Ohio State University student government presidential candidates. WOSU provided the facilities and technical support. Buck-ITV provided the producer and director.

### Community Outreach Supporting Local Broadcasts

(Education)

#### *Ready To Learn.*

2003/2004

Service provided 101 workshops to child care center and home providers reaching 1,243 participants who serve a combined total of 12,507 children. Over 3,000 children's books were given to workshop participants and nearly 4,500 *First Books* were distributed through the station's *Share a Story* program.

## Community Outreach Supporting Local Broadcasts

(Education)	<p><i>Reading Festival,</i> WOSU participated in the <i>3rd Annual 97.1 Fun For Kids Reading Festival</i>. WOSU's booth highlighted the various children's programs we air, as well as promoted WOSU's <i>Ready To Learn</i> program to the local community. We distributed promotional materials and talked with parents about the programs we air on WOSU.TV. The event featured storytelling, face painting, bookmark making, and visits from characters like PBS's <i>Clifford the Big Red Dog</i>. Nearly 5,000 children and adults enjoyed the afternoon of fun! <i>Ready To Learn</i> was involved in the <i>Reading Festival</i> at the Aladdin Shrine Temple.</p>	February 2004
(Education)	<p><i>Storytellin' with Mary Jo Huff.</i> <i>Ready To Learn</i> participated in <i>Storytellin' with Mary Jo Huff</i> at the Columbus Metropolitan Main Library.</p>	April 2004
(Education)	<p><i>Get Up &amp; Go with the Teletubbies.</i> <i>Ready To Learn</i> participated the <i>Get Up &amp; Go with the Teletubbies</i> at the OSU Child Care Center.</p>	May 2004
(Education)	<p><i>Invention Convention.</i> WOSU worked in partnership with WNET's <i>Invention Convention</i> to weave the broadcast and the spirit of the broadcast series, <i>Innovation</i> into the fabric of this annual competition for students in grades K-8. <i>Invention Convention</i> encourages "students to turn problems into solutions by turning ideas into inventions." This year, 17 public school districts, three private schools and an organization of home schools signed up their students for the competition. The <i>Invention Convention</i> culminating event attracted over 3,000 visitors.</p>	May 2004

## Community Outreach Supporting Local Broadcasts

(Citizenship)	<p><i>By the People.</i></p> <p>Considering the 100% increase in the foreign-born population in the Greater Columbus area between 1990 and 2000, WOSU targeted the two largest immigrant groups—Somali refugees and Hispanics for a community outreach effort focusing on civic engagement and citizen participation in the political process. In spring 2004, the station provided training to Somali and Hispanic community leaders to facilitate public forums in their communities, in their own language. Discussion guides were developed for moderators and participants. The participant guide was translated into Spanish and Somali and used by moderators to facilitate five community discussions in August and September. Representatives of the two immigrant groups joined selected central Ohio residents in a larger discussion of election issues at the WOSU studios. The "town meeting" was taped and is scheduled to air on October 28.</p>	March-October 2004
(Education)	<p><i>Engaging Faculty in the Digital Future.</i></p> <p>The Ohio State University, the University of Wisconsin, and Pennsylvania State University lead a technology immersion and goal-setting workshop for faculty each year. WOSU continually looks to bring together faculty and public broadcasting to better serve research needs.</p>	2003/04
(Education)	<p><i>The WOSU Student Involvement Program.</i></p> <p>The program allows students to explore broadcasting while helping us do our day-to-day work. Drawn from a wide-range of disciplines, students now have an opportunity to earn academic credit while obtaining real-world work experience. <i>The WOSU Intensive Experience</i> is a new class offered by WOSU and the OSU Theatre Department but taught by WOSU staff. Students are taught to operate equipment—television cameras, audio boards, switchers—and learn about various aspects of studio production, radio operations, news, and editing, preparing them for work at BuckITV (student television) and a career in broadcasting.</p>	2004
